No medicine extant has such a long and numerous record of cures in such as such as so by the record of cures in such cases as Dr. Florce's Favorite Prescription. No medicine has such a strong professional independent of each to its several nurrentlessay worth more handary number of ordinary non-professional featurements. The very best ingredients known to medical science for the cure of woman's peculiar allments enter into its composition. No alcohol, harmful, or habit-forming drug is to be found in the list of its ingredients printed on each bottle-wrapper and attested under oath. In any condition of the female system, Dr. Fierce's Favorite Prescription can do only good—never harm. Its whole effect is to streng then, invigorate and regulate the whole female system and especially the pelvic organs. When these are deranged in function or affected by disease, the stomach and other organs of digestion become sympathetically deranged, the nerves are weakened, and a long list of bad, unpleasant symptoms follow. Too much must not be expected of this "Favorite Prescription." It will not perform miracles; will not cure tumors—no medicine will. It will often prevent them, if taken in time, and thus the operating table and the surgeon's knife may be avoided.

Women suffering from diseases of long standing, are invited to consult Doctor.

RIOTING IN LISBON.

Five persons were shot to death and 50 others wounded by soldiers Sunday evening after the voting in the elections in Liston had ended. The rioting was widespread, and such was the confusion during the violent conflict between the populace an i the municipal guard that the guardamen, mistaking infantrymen who had been called out for members of the mot, fired a volley into their ranks, seriously wounding three of the oldiers.

The night was one of terror for Listaken in time, and the surgeon's knife may avoided.

Bands of men ran wildly through the streets, brandishing weapons, while the sharp crack of rifles was heard in various sections of the Fan

The principal rioting was the result of a dispute between the republicans and the monarch's a regarding the counting of votes. The republicans, who had been tearing trand at the various L soon polling places, made a determined stand for their rights at St. Dominique's Church, which is in the center of the city, a district that a practically the stronghold of republican's n. The difference between the officials spread to the crowds that fill d the church, and in a moment blows wer struck and then a general fight followed Surdenly the monicipal guard arrived and cleared the diffice of the struggling co-batan's at the point of the bayonet.

In the meantime the crowleutside f to courch had been greatly sugmented shower of stones, under which they were orced to retreat to the interior of the If Your Electrical Wiring edifice. As they retired they fired a volley from their rifles, brieging down several of the rioters The mob steadily increased, and shouts and imprecations and cries of anger were heard on every side. The rioters armed themselves anew, and soon the edifice was literally surrounded and besieged by a maddened

The guardsmen fired intermittently through the doorways, but the volleys taken to joil at Stuart, Patrick county. were feeble and meffectual. Eventually he commanding officer placed a detail from which point of vantage the guardsmen fired repeatedly into the surging populace, wounding a large number. Still the mob did not give way, but only stracked the church, in an attempt to reach the guard, the more furiously.
